PREFATORY.

The Maloney Directory Company present to the citizens of Raleigh and public in general their 1899-1900 Raleigh City Directory, with the firm belief that in point of information, reliability and completeness it will give entire satisfaction and reflect credit upon the city. In the canvass for the names of the citizens we have followed the rule adopted in all other cities in which we publish, i. e., we did not stop at the city limits proper or any imaginary line, but have embraced all the territory, viz.: Oberlin, Caraleigh, Pilot Mills, Brooklyn, West Raleigh, East Raleigh, Method, and all other territory tributary to the city. We find the nearest average number throughout the different streets of the city, to each name occupying space in the directory to be "three" to the white population and three and one-half to the colored (the average used in nearly all cities in the South).

We have recorded from A to Z of the general directory (both white and colored), 8,924 names. Consequently, at the average stated above, Raleigh has to-day a population (including suburbs) of 27,972.

In conclusion, we beg to return our most cordial thanks to those who have so generously given us their support, and to them we hereby dedicate this work. To the public generally who have kindly aided us in getting up the data, etc., we return our acknowledgments. To our patrons and the public in general, we promise to make each succeeding volume of THE MALONEY DIRECTORY Co.'s Raleigh City Directory more worthy of commendation and patronage, and we will issue it as often as of actual necessity.

Respectfully,

THE MALONEY DIRECTORY CO.,

Proprietors and Publishers.

DON'T LEND YOUR UMBRELLA.

Did you ever lend your umbrella? If so did you ever get it back? If you got it back, didn't you have to go after it or *hunt* for it?

Now, if you never loaned your DIRECTORY we recommend you never to try it, for you will suffer a worse fate than with your parachute!

Borrowers, generally, are chronically such. Their conscience is "seared as with a hot iron." Beyond the shadowy vision of its ultimate reappearance, you will never see it again. The man who borrows a Directory never buys or subscribes for it (or for anything else). Ask him to do so, "he doesn't want it," "never has any use for it," "he knows more about the people in this city than you can tell him," "he knows everybody" and "*VICE VERSA, Everybody Knows Him*" (as a borrower). Yet the virgin freshness of its leaves has hardly been sullied by human touch before this individual wants to borrow your Directory. "He will bring it back right away."

THIS IS PROPHETIC.

Keep your Directory; it has cost you money; you can't buy another. It is out of print, for we publish only the number subscribed for.

Experiment Station Publications.

These publications are prepared for the benefit of the farmers of the State, the truckers, nurserymen, stock raisers, etc. The value of these publications to the individual receiving them depends entirely upon the amount of thought and consideration given to them. There is such a demand for them in the State, and outside, that it is not desirable to send them to those who do not wish to profit by them. They are sent cheerfully and free of charge, on request, to anyone in the State who will read and study them. Make the request on a postal card, addressed Agricultural Experiment Station, Raleigh, N C.

These bulletins are different from the monthly Bulletin published by the Department of Agriculture, application for which should be made to the Commissioner of Agriculture.

DON'T LEND YOUR UMBRELLA.

Did you ever lend your umbrella? If so did you ever get it back? If you got it back, didn't you have to go after it or *hunt* for it?

Now, if you never loaned your DIRECTORY we recommend you never to try it, for you will suffer a worse fate than with your parachute!

Borrowers, generally, are chronically such. Their conscience is "seared as with a hot iron." Beyond the shadowy vision of its ultimate reappearance, you will never see it again. The man who borrows a Directory never buys or subscribes for it (or for anything else). Ask him to do so, "he doesn't want it," "never has any use for it," "he knows more about the people in this city than you can tell him," "he knows everybody" and "*VICE VERSA, Everybody Knows Him*" (as a borrower). Yet the virgin freshness of its leaves has hardly been sullied by human touch before this individual wants to borrow your Directory. "He will bring it back right away."

THIS IS PROPHETIC.

Keep your Directory; it has cost you money; you can't buy another. It is out of print, for we publish only the number subscribed for.

The Morning Post.

Raleigh, N. C.

FOUR DOLLARS A YEAR.

A First-Class Morning Paper Within the Reach of Everybody.

It is but plain truth to say that **The Morning Post**, at \$4 00 a year, fills a long-felt want. North Carolina has never had an up-to-date daily at a popular price until now. The need has been realized for years, but **The Post** management is the first to enter the field of low-priced journalism with a newspaper that meets every reasonable requirement.

Prints all the News that is Worth Printing.

Pay in Advance.

At the low price at which subscriptions are taken, no one will think of asking for credit, and the management will not think of taking subscriptions to be paid when convenient. One man's money is as good as another's, and the man who pays for the paper gets it.

\$4 a Year.

If it is not convenient to pay four dollars at a time, pay one dollar four times a year, or two dollars twice a year. It's all the same to the management whether the money comes one, two, three or four dollars at a time. Take your choice, but don't forget that the terms are cash in advance.
